PROFESSIONAL SUMMARY:

Recent B.Tech Computer Science (Cybersecurity) graduate with knowledge of Python, Django, React.js, JavaScript, SQL, and web development. Experienced in building full-stack and database-driven applications through academic projects. Familiar with Prompt Engineering and Generative AI tools. Seeking an entry-level Software Developer role to apply and enhance technical skills.

PROJECTS

1. Title: Pet Management System

Tools: Python, Django, Html5, Css3.

Description:

Developed a full-stack Pet Management System using Django, implementing CRUD operations and user authentication. Designed an interactive and responsive UI with modern CSS animations. Utilized Django ORM for database operations and followed MVT architecture for scalable and maintainable code structure.

- Developed a dynamic web application for managing pet records with full CRUD operations
- Implemented user authentication (login, registration, logout) using Django
- Designed responsive UI with animations and modern CSS techniques
- Integrated Django ORM with SQLite database for efficient data handling
- Followed MVC architecture and secure form handling with CSRF protection

2. Title: Vegetable Store Management System

Tools: Python, MySQL

Description:

Developed a database-integrated vegetable store management system using Python and MySQL to automate inventory control, billing, and profit tracking. Implemented real-time stock management and automated billing.

- Designed and developed a Vegetable Management System using Python and MySQL with secure user authentication
- Implemented inventory management and CRUD operations for efficient data handling
- Built customer features including cart, billing system, and item selection
- Added profit calculation, reporting features, and performed testing, debugging, and input validation.

TECHNICAL SKILLS :

- **Programming Languages:** Python, JavaScript
- **Frontend:** HTML5, CSS3, JavaScript, React.js
- **Backend:** Python, Django
- **Database:** SQL, MySQL
- **AI & Prompt Engineering:** Prompt Engineering, Generative AI, ChatGPT, AI-Assisted Development
- **Tools & Platforms:** Git, GitHub, VS Code

EDUCATION

Bachelor of Technology in CSE (Cybersecurity) – CGPA: 7.5 – (2021 to 2025)

Malla Reddy Institute of Technology and Science (JNTUH University).

Intermediate (MPC) – CGPA: 9.3/10 – (2019 to 2021)

Sri Aryabhatta Junior College.

SSC (10th) – CGPA: 9.2/10 – (2019)

Zilla Parishad High School

CERTIFICATIONS

- Python Full Stack Certification — V Cube software Solutions
- Soft Skill Development Certification — NPTEL
